We were surprised that the game continued to sell well for months, then years, and I was particularly surprised in 2001 when the publisher (and by that time, owner of PopTop), Take Two, asked for another compendium.

) [Some edits to this post made 5/22/2012 and 2/2/2017] This entry was posted on Wednesday, February 15th, 2006 at 10:22 am and is filed under.. We may have fixed the problem in a later re-mastering of the disk, but at least one old/early version I checked out had the incorrect '50th map'.. RT3 never seemed as good, though I can still remember many good times playing RT2.

It was made by Steve Lorenz, and there's still a copy of it floating around the various RT2 websites, including, as well as a on this site.. I'll wait a few days and you let me know if you run into any Windows 7 x64 Has any tried to see.. I'm pretty sure we posted the fixed version of the Alaska map on our web site shortly thereafter, but I can't find it now.. However, that map was one of a handful that we licensed from the RT2 mapmaking community that had sprung up.. But we made one (small) mistake when we assembled RT2 – Platinum Somehow, in assembling the 50 new maps (there were 126 maps total), one file was accidentally copied over another, and so the Alaska map we were supposed to include was displaced by a second version of a fantasy map called "Tanagore Island".. It's a nicely done scenario ðŸ™‚ Also, if you're still playing RT2 after all this time, there's a patch we made in 2003 [2017 EDIT – I had a link here to the 1..
